Bible Students

With help from Mountain Life Church, Park City Utah (MLC) Pastor Rajan went on the Nepal radio in 2009. *Prem Ko Sandesh* (Message of Love) has brought thousands from all over Nepal to Jesus. People who listen to the program are encouraged to enroll in a correspondence course. The course maintains an enrollment of about 3000 a year. With about 500 completing the course each year. Many of the people who finish the course ask to have the Jesus movie played in their village. There is more demand for the movie than there are ministers available to show it. Currently there are three teams that are constantly in the field showing the movie. Each team covers a different section in central Nepal. Two more teams are needed to cover East and West Nepal. Pastor Rajan considers this to be his highest priority. The cost to set up two more teams and maintain them is listed below.

Hari Khadka pastors one of the churches planted in Kathmandu. He also manages all the CHE (Community Health Evangelism) projects for Greater Grace Church, Kathmandu. This requires travel to remote districts of Nepal. Pastor Hari's motorcycle (his families only transportation) is broke down and beyond repair. A new motorcycle is needed to enable Pastor Hari to manage his ministry. Cost of a motorcycle is \$2,000.
